As before, the abstracts of Marriages from the three Registers in this volume have all been made by Mr. Evelyn Young and collated by him with the Transcripts at Ely to supply entries which are now missing from the original registers. When the information so obtained has given different readings of existing entries, or further particulars concerning them, these have been inserted within square brackets in *italic type*.

The same contractions are used as in the earlier volumes of the series.

1379056

It has, unfortunately, been found necessary to revise the abstracts of Marriages in the Registers of St. Edward's, Cambridge, printed in the first volume of this series, and the additions and corrections thereby brought to light have been printed at the end of this volume.

It should be remembered that previous to 1752 the year was calculated as beginning on the 25th of March, instead of the 1st of January, so that a marriage taking place on say 20th February, 1625, would be on that date in 1626, according to our reckoning; but as the civil and ecclesiastical year were both used, this is sometimes expressed by 20th Feb., 162 $\frac{5}{6}$.

In all cases where the marriage is stated to have taken place by Licence, that fact is recorded, as the searcher thereby knows that further information as to the age, parentage and vocation of the parties is probably recoverable from the Allegations in the Archdeaconry or other office from which the Licence issued.

Thanks are due to the clergy for the facilities they have given for the preparation of this volume. Their names are mentioned under the respective parishes.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence." For certificates application must be made to the local clergy.

In issuing this, the seventh volume of the Cambridgeshire Marriages, the Editors wish to draw attention to the General Index to the first six volumes, prepared by Miss O. E. Markwell, under the supervision of the General Editor. This volume is now in the press, and will be the third of a series of General Indexes to the entire series of Phillimore's Marriage Registers, the first two being to Cornwall, I.—VI., and Lincolnshire I.—VI. respectively. Of these Index volumes only one hundred copies are being printed, and these will be issued at one guinea each. Each volume contains about 200 pages of close, double-columned type, and comprises a complete index to the combined contents of six volumes of the Marriage Registers, that is to say, references to from 50,000 to 60,000 persons—each person being fully indexed under surname and Christian name, on a plan arranged by the General Editor. The support of subscribers is earnestly appealed for, in order that this useful and essential supplementary work may be continued.

Cambridgeshire Parish Registers.

Marriages at St. Andrew the Less, Cambridge

(otherwise Barnwell),

1599 to 1837.

NOTE.—There are no registers now to be found, belonging to this Parish, earlier than 1754. From that date to 1812 the registers are kept in two manuscript volumes, both of which measure about 15 by 8½ inches. In the former of these, Baptisms and Burials are entered to 1798, Marriages to 1791, and Banns to 1787. In the latter the entries are continued to 1812, but there are no further entries of Banns. The entries of Marriages in these two volumes were extracted by the Rev. E. Young, by kind permission of the late Vicar, the Rev. T. K. Allen. The earlier Marriages, from 1599 onwards, have been taken from the Transcripts at Ely; but after 1639 the series of these is very irregular.

The Marriages from 1813 to 1837 have been extracted also by Mr. Young, by kind permission of the present Vicar, the Rev. F. B. Gwinn. They are contained in two volumes; the former, from 1813 to 1827, has 300 printed forms, all of which have been used; the latter, a very thick volume, completes the period up to 30th June, 1837, the last entry being made on form No. 521. It will be seen, therefore, that the Marriage records give clear indications of the great growth of population which had set in during this period. The original Parish of Barnwell, now largely subdivided, had a population in 1801 of little more than 300; in 1901 it was about 25,000.

Marriages at St. Benedict's, Cambridge,

1539 to 1837.

NOTE.—The Registers of the parish of St. Benet, as it is usually called, are in exceptionally good condition, being in an excellent state of preservation, well bound, well written almost throughout, and forming a practically complete record from the year 1539.

Volume I. consists of 97 parchment leaves, measuring about $16\frac{1}{4}$ by 6 inches. The first 38 leaves contain Baptisms from 1539 to 1699; these are followed by 21 leaves containing Marriages, and these again by 38 leaves containing Burials, for the same period. The entries in each part of the book are regular and continuous; no apparent notice is taken of the troublous times of the sixteenth century. The last leaf of the book, containing only 5 entries, has been pasted on to the cover. Inside the front cover is pasted an indenture, dated 16th Jan., 1581, whereby property in Cambridge was sold to Thomas Hobson, carrier, (whose signature is attached), charged with an annual payment of 20s. to the poor of Cambridge, and of 5s. for a sermon in St. Benet's Church by some learned preacher, in accordance with the will of the late Thomas Skott, of Cambridge, baker. Inside the back cover is pasted a certificate of the delivery of Church goods to the Churchwardens, dated 12th May, 1553.

Volume II. consists of 90 parchment leaves, of the same size as those of the first volume, viz., $16\frac{1}{4}$ by 6 inches. The contents, in order, are as follows. The first leaf has a title page; leaves 2 to 36 contain the Baptisms from 1700 to 1803; leaves 37 to 50 contain the Marriages from 1700 to 1757; leaf 51 has a copy of an affidavit, dated 1771, made by Mrs. Mary Kerrich at Bury St.

Edmund's, relating to the birth of her son; leaves 52 and 53 are blank; leaves 54 to 86 contain the Burials from 1700 to 1803; the remaining 4 leaves are blank.

Volume III. is a book of printed forms, containing entries of Marriages from 1754 to 1812, and of Banns from 1754 to 1823.

Volume IV. contains the Baptisms and Burials from 1804 to 1812.

Volume V. contains the Marriages from 1813 to 1827.

Thanks are due to the Rev. E. C. Pearce, the late Vicar, and to the Rev. W. Greenwood, the present Vicar, for kindly permitting the Marriage entries to be copied for this series. The extracts have been made by the Rev. E. Young, who has also collated the entries with the Transcripts at Ely from 1599 to 1754. It may be mentioned that Mr. Pearce has himself made a complete transcript of the first two volumes of these registers.

Marriages at Chesterton,

1564 to 1837.

NOTE.—The earliest volume of the Chesterton registers was carefully re-bound a few years ago, and many of the leaves strengthened. It consists of 87 parchment leaves, measuring about $14\frac{1}{2}$ by 5 inches. In a few places the writing is bad, and some parts are now rather faint, but nowhere illegible. Some of the earlier years are imperfect; no Baptisms are recorded for 1565, and 1570 to 1572; no Marriages for 1568 to 1572, 1582 and 1584; and no Burials for 1566, 1567, and 1584. Otherwise the entries run without interruption to the year 1681. During the Commonwealth period Baptisms are regularly recorded, and not Births.

Volume II. is a parchment book in good condition and well written, consisting of 86 leaves, measuring about $14\frac{1}{2}$ by $6\frac{1}{2}$ inches. It contains Marriage entries from 1682 to 1797, Baptisms and Burials from 1682 to 1792. The bottom of the 47th leaf, about two inches in depth, has been cut away, thereby losing a few Baptismal entries of 1722 and 1723, of which traces appear in the margin.

Volume III. is the usual book of printed forms for Banns and for Marriages; the entries in both parts of the book extend from 1754 to 1808.

Volume IV. is a parchment book containing at one end Baptisms from 1793 to 1812, and at the other Burials for the same period.

Volume V. is a book of printed forms, containing the Marriage entries from Dec., 1808, to 1812; at the other end of the book are the Banns entries from 1808 to 1823.

Volume VI. is a book of printed forms, containing the Marriages from 1813 to 1837.

The Marriages here printed have been copied by the Rev. E. Young, by kind permission of the late vicar, the Rev. N. W. Shelton.
